

# 2021-2022 COVID Operations & Safety

## SUMMARY

Based on our experience from the prior year, COVID transmission from the meal plan service is not a primary means in which our community members are at risk. We will continue to take precautions but believe that the benefits of having a normal meal plan outweigh the risks.

## HOW WILL FOOD BE SERVED?

We anticipate the style of service will return to normal at most chapters.

- ☒ Salad Bars
- ☒ Buffet Service
- ☒ Real China & Silverware

## WILL MY CHEF BE VACCINATED?

Gill Grilling will maintain a record of which persons have received the COVID vaccine. Vaccination is not an automatic requirement for our chefs. However, if the governing policy for your University or facility is that all persons must be vaccinated, we will follow those guidelines. In locations where vaccines are mandatory, chefs may opt out for medical or religious reasons.

## WHAT IF MY CHEF IS NOT VACCINATED?

They will be required to wear a mask and report all symptoms; however, the style of service will not be impacted. Employees who report possible COVID systems must clear our protocols before returning to work.

## 2021-2022 COVID Operations & Safety

### SHOULD LIVE-OUT MEMBERS JOIN THE MEAL PLAN

Yes. Chapter house meal plans remain the best option available for live-out members, both in terms of safety as well as quality. The time slot feature of the Gill Grilling App remains available to help with spacing out crowds during meal times.

### QUESTIONS?

Our client service folks are happy to help. Here's where you can get the fastest response:
